

# Ignite program helps companies to do two things:

- build a revenue strategy and
- boils it down into quick actionable steps

that work in today’s complex marketplace to help you get to where you want to go.

I G N I T E

## PROBLEM

**Business Owners:** There is a gap between our financial roadmaps and sales & marketing execution of plans. Building a plan that works in today’s marketplace is difficult.

- 90% of plans and tactics overlook millions in revenue and don’t connect nor yield results.

### For Sales and Marketing Teams:

They don’t have time and in some cases skill to develop a plan that is built to be successful in today’s marketplace.

They know they have to do things differently, but they are sure of what that means. So, they go back to what they have always done.

## SOLUTION

Ignite, a SaaS program, helps companies create a data-decision financial roadmap that simplifies and helps drive performance within sales and marketing teams to get to results.

### FOCUS MARKETS Land & Expand

Real Estate Owners and Investors:

- Hotels
- Assisted Living
- Multi-Family

Professional Services

Start ups

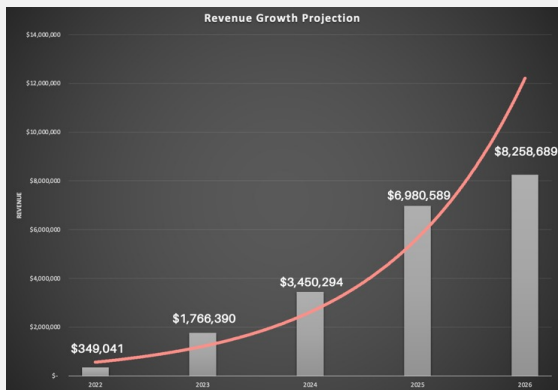

## COMPETITIVE LANDSCAPE

“Frankenstein-ed” Excel Documents  
Status Quo

## SCOPE OF MARKET

- **TAM:** 15,000 companies
- **SAM:** \$500 million
- **SOM:** \$150 million

## FUTURE REVENUE FORECAST

## THE ASK \$500K - \$1 million

- Move current platform to 1.0 version

IGNITE

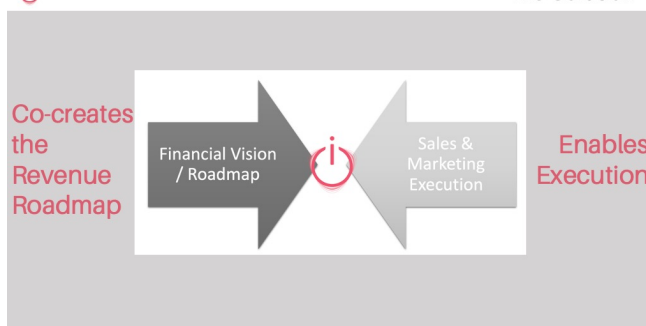

Over **100+** years in strategy and building businesses

## Differentiator

- Program was built to be utilized 'behind the curtain' within a consultancy practice to show gap to goal analysis.
- \$1.3- \$2 million dollars of unrealized revenue resultant from the program.
- "I couldn't find a solution for our clients, so I built it"
  - Kate Burda

### The Solution
